2025 ANNUAL

CONVENTION & TRADE SHOW

MARCH 11–13

Saskatoon, Saskatchewan

SARM

Saskatchewan Association of Rural Municipalities

We've been the voice of rural Saskatchewan for over 100 years.

Since 1905, SARM has been working to address the concerns of rural municipalities and ensure that their voices are heard by senior levels of government. We provide support to our members in dealing with the provincial and federal governments. We advocate on behalf of our members and help ensure their compliance with legislation and regulations.

SARM also plays an important role in the advocacy of Saskatchewan's agricultural sector.

In compliance with the *Act of Incorporation*, SARM directly and lawfully engages in activities that tend to advance the interests of agriculture, including the handling, transportation, processing, and marketing of grain and grain products. Furthermore, the act instructs that SARM be an actively engaged participant and member of the Canada Grains Council, as well as other organizations, associations, councils, congresses, and bodies advancing the interests of those who produce agricultural products.

We at SARM acknowledge that our Regina office is situated on Treaty 4 territory, the traditional lands and gathering place of the Cree, Dakota, Nakota, Lakota, Saulteaux and the homeland of the Métis Nation. We make this acknowledgment as an act of reconciliation and declaration of our commitment to respect and honour the long and vibrant history of Indigenous peoples. We hope this recognition will also inspire the members we represent to do the same, so that we can show what is possible when partners work together in the spirit of reconciliation.

CONTENTS

The SARM Annual Convention is being recorded and shared online. By attending this event, you are giving permission to SARM to use photographs or videos that may contain your likeness for promotional purposes. Photographs or videos may be shared in print material, on SARM's website, or on social media. Please identify yourself to the photographer or SARM staff if you do not wish to be photographed.

SARM is committed to providing a welcoming, inclusive, and harassment free environment for all attending the Convention. Attendees found disrespecting others may have their registration revoked and be asked to leave the convention at the discretion of SARM's Executive Director.

AGENDA

TUESDAY, MARCH 11

7:00 AM **Municipal Hail Insurance Annual General Meeting –** *Hall C* (7:00-10:00 AM)

8:00 AM **Convention Registration** (8:00 AM – 5:00 PM)

8:00 AM **Trade Show –** *Hall D & E* (8:00 AM – 5:00 PM)

10:00 AM **Dialogue Sessions with Provincial Ministers – Session 1**

11:00 AM **Dialogue Sessions with Provincial Ministers – Session 2**

Ministers hosting both sessions

Hon. Eric Schmalz, *Minister of Government Relations*	*Meeting Room 1 – Hall A*
Hon. Travis Keisig, *Minister of Environment*	*Meeting Room 2 – Hall A*

RESOLUTION PROCEDURES

CONDUCTING A RESOLUTION SESSION

Roles & Responsibilities

The Board shall set the day(s) and time(s) for the resolution session at the convention, as well as select both a Resolution Session Chairperson (hereafter referenced as "chairperson") and a Resolution Session Parliamentarian (hereafter referenced as "parliamentarian").

The Chairperson (or their selected alternate) is responsible for the administration of the resolution session, ensuring the policy rules are followed, recognizing speakers and the movers of motions, controlling the length of time that delegates can speak to a motion, calling for a vote on a resolution, and referring questions about resolution session rules to the parliamentarian.

The Parliamentarian (or their selected alternate), who shall be a SARM staff member knowledgeable of the resolution session rules, is responsible for making rulings requested by the chairperson (or alternate) regarding procedural questions raised during the resolution session. Rulings regarding procedural questions are to be based on an interpretation of the rules as documented in this policy.

Motions permitted in the resolution session are described below. No seconders are required for motions.

Motion to Adopt a Resolution

The chairperson or their alternate reads the number, title, sponsor, and "Be it Resolved" clause(s) or "action clauses" of a resolution. When possible, the resolution information will also be visually displayed.

The chairperson requests that a delegate "move to adopt" the resolution. The motion to adopt the resolution applies only to the action clauses. Delegates should defer to a delegate from the sponsoring municipality to move to adopt the resolution.

Rules regarding a motion to adopt a resolution are:

- If there is no motion to adopt the resolution, the chairperson will declare the resolution *"withdrawn,"* and no further discussion will be permitted.

- If there is a motion to adopt the resolution, the chairperson will declare the resolution *"open for discussion."*

- A delegate from the municipality that moved to adopt the resolution has the first right to speak, with their comments limited to 3 minutes.

- Delegates from other municipalities are then allowed to speak, with their comments limited to 2 minutes each.

- Each member municipality is limited to two delegates speaking to a resolution, with a second delegate for a municipality permitted to speak only after all other member municipalities have had an opportunity for one delegate to speak to the resolution.

- Delegates, in their comments, are permitted to ask questions with respect to the resolution. If a question is asked, the chairperson will refer the question for a response to the sponsoring municipality, a member of the Resolutions Committee, or a SARM staff member. A response to the question may or may not be possible.

- Once the last delegate has spoken to a resolution, the chairperson will ask, *"Is there any further discussion?"* If further delegates request to speak, they are subject to the limits previously listed. If no further delegates request to speak, the chairperson will call for a vote with respect to a motion to adopt the resolution.

- Once the voting and vote tabulation are completed, the chairperson announces the result of the vote as either *"resolution is carried"* or *"resolution is lost,"* indicating the number of votes for and against if the vote count information is available.

Motion to Amend a Resolution

A motion to amend a resolution may be made once a motion to adopt a resolution has been moved, provided the motion to amend a resolution is made prior to the call for the vote on the motion.

Rules regarding a motion to amend a resolution are:

- The delegate wishing to make the motion to amend must wait their turn to speak prior to making the motion.

- Once a motion to amend is presented, the chairperson will ask that delegate whether they accept or reject for consideration the motion to amend. Said delegate has the authority to accept or reject for consideration the motion to amend irrespective if the initial resolution is submitted by a single member municipality or a group of member municipalities. If the motion to amend is rejected, there is no further discussion of the motion to amend. If the motion to amend is accepted for further consideration by the delegate, the motion to amend is open for further discussion and a vote.

- Only one amending motion may be on the floor at any time. Amending motions are discussed and voted on prior to voting on the motion to adopt the resolution.

- Delegates may speak to amending motions subject to the same rules applicable to the motion to adopt the resolution.

- Once the last delegate has spoken to a motion to amend the resolution, the chairperson will ask, *"Is there any further discussion?"* If there are no further delegates requesting to speak, the chairperson will call for a vote regarding the amending motion.

- Once the voting and tabulation are completed, the chairperson announces the result of the vote as "amendment is carried" or "amendment is lost," indicating the number of votes for and against if the vote count information is available.

- Once a motion to amend the resolution is dealt with, further amending motions are permitted, subject to the same rules and process as those applicable to the initial motion to amend a resolution.

- Once all motions to amend a resolution have been dealt with, the chairperson will call the vote either on the resolution as moved, or the resolution as amended.

- Once the voting and vote tabulation are completed, the chairperson announces the result of the vote as either, *"resolution is carried," "resolution as amended is carried," "resolution is lost,"* or *"resolution as amended is lost,"* indicating the number of votes for and against if the vote count information is available.

Submitting and voting on resolutions is an important practice that directs the efforts of SARM. Resolutions are used to guide internal policymaking as well as program and service delivery. Most commonly, resolutions passed by SARM Members are used to guide provincial and federal lobbying efforts. Resolutions carried that fall outside of SARM's four core areas of advocacy (Agriculture, Environment, Infrastructure & Development, and Municipal Governance) will be dealt with and addressed by the SARM Board of Directors at their discretion.

Motion to Divide a Resolution

A motion to divide a resolution may be made once a motion to adopt the resolution has been moved and prior to the call for the vote on the resolution.

Rules regarding a motion to divide a resolution are:

- The delegate wishing to make the motion to divide must join the speaker's queue when a call for debate has been made.

- Once a motion to divide is presented, the chairperson will ask the mover of the motion whether they accept or reject for consideration the motion to divide. The mover of the motion has the authority to accept or reject for consideration the motion to divide irrespective if the initial resolution is submitted by a single member municipality or a group of member municipalities. If the motion to divide is rejected, there is no further discussion of the motion to divide.

- If the motion to divide is accepted, there is no discussion, comment, or debate permitted with respect to the motion to divide.

- The chairperson will immediately call the vote on the motion to divide the resolution.

- Once the voting and vote tabulation are completed, the chairperson announces the result of the vote as *"division is carried"* or *"division is lost,"* indicating the number of votes for and against if the vote count information is available.

- Once a motion to divide the resolution is dealt with, further amending motions are permitted, subject to the same rules and process as those applicable to the initial motion to amend a resolution.

Motion to Postpone a Resolution

A motion to postpone a resolution may be made once a motion to adopt a resolution has been moved, providing the motion to postpone is made prior to the call for the vote on the motion. If a motion to postpone a resolution is passed, consideration of the resolution is deferred until the next convention.

Rules regarding a motion to postpone a resolution are:

- The delegate wishing to make the motion to postpone must wait their turn to speak prior to making the motion.

- There is no discussion, comment, or debate permitted with respect to a motion to postpone a resolution.

- The chairperson will immediately call the vote on the motion to postpone the resolution.

- Once the voting and vote tabulation are completed, the chairperson announces the result of the vote as *"motion to postpone is carried"* or *"motion to postpone is lost,"* indicating the number of votes for and against if the vote count information is available.

- If the motion to postpone is carried, the next resolution under consideration is brought forward. If the motion to postpone is lost, the process continues with respect to the resolution under consideration prior to the motion to postpone.

Motion to Withdraw a Resolution

A motion to withdraw a resolution may be made once a motion to adopt a resolution has been moved, providing the motion to withdraw the resolution is made prior to the call for the vote on the motion. If a motion to withdraw a resolution is passed, consideration of the resolution ends.

Rules regarding a motion to withdraw a resolution are:

- The delegate wishing to make the motion to withdraw a resolution must wait their turn to speak prior to making the motion.

- There is no discussion, comment, or debate permitted with respect to a motion to withdraw a resolution.

- The chairperson will immediately call the vote on the motion to withdraw the resolution.

- Once the voting and vote tabulation are completed, the chairperson announces the result of the vote as *"motion to withdraw is carried"* or *"motion to withdraw is lost,"* indicating the number of votes for and against if the vote count information is available.

- If the motion to withdraw is carried, the next resolution under consideration is brought forward. If the motion to withdraw is lost, the process continues with respect to the resolution under consideration prior to the motion to withdraw.

Point of Order Motion

A "point of order" motion may be made at any time during the resolution session by a delegate concerned about a possible breach of the rules or procedures as detailed in this policy.

Rules regarding a point of order motion are:

- A delegate may interrupt the session at any time to make the motion.

- There is no discussion, comment, or debate permitted with respect to a point of order motion, beyond the mover having the opportunity to describe the nature of the perceived breach of rules or procedures.

- The chairperson will immediately rule on the point of order motion, with input from the parliamentarian if required.

- There are no votes on point of order motions.

Point of Privilege Motion

A "point of privilege" motion may be made at any time during the resolution session by a delegate concerned about issues such as difficulty hearing the speakers, distractions of noise, or the facility being too hot or too cold.

Rules regarding a point of privilege motion are:

- A delegate may interrupt the session at any time to make the motion.

- There is no discussion, comment, or debate permitted with respect to point of privilege motion.

- The chairperson will take note of the issues raised and, to the extent possible, try to have the issues addressed.

- There are no votes on point of personal privilege motions.

Motion to Adjourn the Resolution Session

A resolution session is automatically adjourned by the chairperson announcing, *"the resolution session is adjourned,"* if all resolutions submitted to the convention have been adopted, defeated, withdrawn, or postponed.

A motion to adjourn the resolution session may be made at any time during the resolution session, even though not all resolutions have been dealt with.

Rules regarding a motion to adjourn the resolution session are:

- The delegate wishing to make the motion to adjourn must wait their turn to speak prior to making the motion.

- There is no discussion, comment, or debate permitted with respect to a motion to adjourn the resolution session.

- The chairperson will immediately call the vote on the motion to adjourn the resolution session.

- Once the voting and vote tabulation are completed, the chairperson announces the result of the vote as *"motion to adjourn the resolution session is carried"* or *"motion to adjourn the resolution session is lost,"* indicating the number of votes for and against if the vote count information is available.

- If the motion to adjourn the resolution session is carried, the resolution session is over and any resolutions not dealt with are deemed withdrawn.

- If the motion to adjourn the resolution session is lost, the next resolution under consideration is brought forward for consideration.

Expressed Views Disclaimer: The views and opinions expressed during convention resolution debates are solely that of the attendees and do not reflect the views, opinions, policies, or position of SARM, its employees, or event sponsors.

RESOLUTIONS

MATTERS PERTAINING TO SARM

1–25A | Insurance Discount for Municipalities with Security Systems and GPS Tracking

Rural Municipality of Ponass Lake No. 367

WHEREAS SARM is committed to supporting the efforts of rural municipalities to enhance safety, reduce risks, and manage operational costs.

WHEREAS many municipalities have implemented security systems within their buildings and GPS tracking systems on their equipment as a means to prevent theft, loss, and unauthorized use, thereby reducing the risk of financial loss.

WHEREAS municipalities that implement these technologies may be less likely to file insurance claims, potentially reducing the overall risk exposure for insurance providers.

WHEREAS municipalities that invest in these technologies should be encouraged through insurance discounts which would support further investments in risk mitigation and encourage safer, more secure environments for rural communities.

BE IT RESOLVED that SARM implement an insurance discount program for municipalities with security systems in their buildings or GPS tracking devices installed on their equipment, as a means to reduce risks, improve safety, and foster financial sustainability for rural municipalities across Saskatchewan.

CARRIED ☐   LOST ☐

MUNICIPAL IN NATURE

MINISTRY OF GOVERNMENT RELATIONS

2–25A | Changes to *The Local Government Elections Act, 2015 – Advanced Polls in Rural Municipalities*

Rural Municipality of Mariposa No. 350

WHEREAS running a municipal election imposes a cost to the municipality.

WHEREAS the Saskatchewan government did not consult with rural municipalities to determine interest or the need for an advance poll in rural elections.

WHEREAS the provincial government continues to impose increasing regulation on rural municipalities with no thought to the added cost of the regulation nor the administrative burden and there is seldom, if ever, a line up due to high voter numbers.

BE IT RESOLVED that SARM lobby the provincial government to remove the requirement for advanced polls when eligible voter numbers are lower than 100 people.

CARRIED ☐   LOST ☐

3–25A | Resource Revenue Sharing for Rural Municipalities

Rural Municipality of Estevan No. 5

WHEREAS pursuant to Section 255 of *The Cities Act*, cities in Saskatchewan are given the power and authority to set mill rates for subclasses of property.

WHEREAS rural municipalities within the Province of Saskatchewan are not given the same legislated authority to set mill rates for subclasses of property (for example between commercial and industrial).

WHEREAS previous SARM resolutions have passed advocating for the ability of rural municipalities to use tax tools in order set mill rates for subclasses of property, but the provincial government has refused to accede to these requests.

BE IT RESOLVED that SARM lobby the provincial government to pay a percentage (not less than 10%) of the royalty from industrial resources collected by the provincial government to the RMs from which the natural resource(s) are extracted from.

CARRIED ☐   LOST ☐

4–25A | Tax Subclasses for Rural Municipalities

Rural Municipality of Mariposa No. 350

WHEREAS the rural and urban divide is becoming more pronounced all the time.

WHERAS *The Municipalities Act* legislates and outlines both urban and rural municipalities responsibilities to levy taxes and governs how taxes are levied.

WHEREAS under the current version of *The Municipalities Act*, urban municipalities have far more latitude in determining appropriate taxation through the use of tax subclasses.

WHEREAS under the current version of *The Municipalities Act*, urban municipalities have far more latitude in determining appropriate taxation through use of tax subclasses which is a distinct advantage that rural municipalities don't enjoy.

BE IT RESOLVED that SARM lobby the provincial government to update *The Municipalities Act* to allow for the creation of subclasses of tax categories to create equity among urban and rural counterparts.

CARRIED ☐   LOST ☐

5–25A | The Communities in Transition Fund (CIT)

Rural Municipality of Blucher No. 343

WHEREAS the provincial government has determined that upon dissolution of struggling urban municipalities in Saskatchewan, they will be taken over by the surrounding rural municipality, who will assume all costs associated with the dissolution, operation, capital expenditures, and cleanup of the urban.

WHEREAS the capital portion of the CIT fund is funded totally by a portion of all the rural municipalities PST revenue sharing allotment, and zero dollars from the urban municipalities' allotment.

BE IT RESOLVED that the provincial government mandate the urban municipalities to contribute significantly to the capital portion of the CIT Fund.

CARRIED ☐   LOST ☐

6–25A | Road Maintenance Agreements and Compensation

Rural Municipality of North Qu'Appelle No. 187 and Rural Municipality of Corman Park No. 344 (submitting RMs)

WHEREAS Section 12(1) of The Municipal Regulations prescribes road haul fees which are not reflective of the actual costs incurred by municipalities to maintain an acceptable level of service for transportation infrastructure.

WHEREAS there is currently no annual review or other mechanism in place for adjusting the legislated road haul fees to account for current costs, including inflation, commodity prices, as well as the actual costs to complete transit infrastructure maintenance and renewal.

BE IT RESOLVED that SARM lobby the provincial government to annually review road haul fees to accurately reflect actual costs of road maintenance, road restoration and loss of road life and that this be better reflected in the compensation formula.

BE IT FURTHER RESOLVED that Section 12(1) be amended to allow a second option for determining compensation stating that a municipality can use a professional engineer to determine the actual road maintenance costs and that the cost of the engineering analysis will be included in the calculation for compensation.

CARRIED ☐   LOST ☐

MINISTRY OF HIGHWAYS AND INFRASTRUCTURE

7–25A | Rural Integrated Roads for Growth

Rural Municipality of Meadow Lake No. 588

WHEREAS the RM of Meadow Lake No. 588 has over 500 miles of roadways that serve a varied mixture of grain farms, pastures, logging operations and residential acreages.

WHEREAS the Rural Integrated Roads for Growth (RIRG) program has specific requirements for road projects.

WHEREAS currently the RM of Meadow Lake does not have any roads that meet the requirements for road program eligibility as stated in the RIRG policy manual.

BE IT RESOLVED that SARM investigate a new program that would help subsidize the use of road stabilization products for rural roads that do not meet the requirements of the RIRG road program.

CARRIED ☐   LOST ☐

MINISTRY OF JUSTICE & ATTORNEY GENERAL / MINISTRY OF CORRECTIONS, POLICING AND PUBLIC SAFETY

8–25A | Bylaw Enforcement

Rural Municipality of Wallace No. 243

WHEREAS breach of a bylaw is becoming more prevalent.

WHEREAS summary conviction can be a costly and lengthy process.

WHEREAS enforcement of bylaws is difficult unless a voluntary resolution is reached.

WHEREAS there are only 2 bylaw courts in Saskatchewan for which a municipality must register to be heard.

BE IT RESOLVED that SARM lobby the Ministry of Justice to expand municipalities' abilities to enforce bylaws by increasing ways to obtain a summary conviction.

CARRIED ☐   LOST ☐

9–25A | SARM Bylaw Enforcement Officers

Rural Municipality of Estevan No. 5

WHEREAS bylaws are essential to the good governance and administration of justice within our rural municipalities.

WHEREAS the provincial government has failed to provide RMs with the necessary tools and resources to effectively enforce bylaws.

WHEREAS the RCMP and other municipal police forces do not provide resources to enforce RM bylaws and other quasi-enforcement bodies such as the Commissionaires are not readily accessible or cost effective except outside larger centres such as Regina, Saskatoon and Prince Albert.

BE IT RESOLVED that SARM employ or contract a Bylaw Enforcement Officer within each division for use by rural municipalities within that division to enforce RM bylaws, including, without limitation, policing and prosecution of offences.

BE IT FURTHER RESOLVED that SARM lobby the provincial government to provide the resources in order to employ or contract such Bylaw Enforcement Officers.

CARRIED ☐   LOST ☐

10–25A | Resolution to Improve the Justice System and Address Issues Faced by Farmers and Ranchers in Saskatchewan, Canada

Rural Municipality of Nipawin No. 487

WHEREAS farmers and ranchers in Saskatchewan play a vital role in the province's economy, food security, and rural communities.

WHEREAS recent reports have highlighted a troubling increase in crimes, including theft, vandalism, and drug- related incidents, impacting agricultural operations, property, and the safety of rural communities in Saskatchewan.

WHEREAS the justice system must ensure the protection of individuals and property, support the effective prosecution of criminals, and provide timely and meaningful solutions to prevent crime in rural areas.

WHEREAS farmers and ranchers, often living and working in remote locations, face unique challenges in dealing with criminal activities, as well as a lack of immediate law enforcement response and resources.

WHEREAS the rise in drug addiction, particularly related to methamphetamine use in rural areas, exacerbates these problems, leading to increased violence, property, and theft, all of which creates significant burdens for farmers, ranchers, and their families.

WHEREAS the justice system needs to take a proactive approach to addressing these issues while fostering collaboration between law enforcement, local communities, mental health services, and agricultural stakeholders.

BE IT RESOLVED that SARM lobby the provincial government, in partnership with law enforcement agencies, agricultural groups, and community organizations to improve the justice system and address the challenges faced by farmers and ranchers.

BE IT FURTHER RESOLVED that SARM lobby the provincial government to work closely with federal authorities to ensure that crimes involving cross-border trafficking of stolen goods or drugs are adequately investigated and prosecuted.

CARRIED ☐   LOST ☐

MINISTRY OF LABOUR RELATIONS AND WORKPLACE SAFETY / MINISTER OF EMPLOYMENT, WORKFORCE DEVELOPMENT AND LABOUR

11–25A | Labour Market Transfer Agreement Funding

Rural Municipality of Fertile Belt No. 183

WHEREAS many businesses, agricultural producers and municipalities require employees that have 1A driver licenses.

WHEREAS that in 2024-25, the federal government cut $17.6M in employment and skills training funding to the province but the province bridged this shortfall to keep the programs and services operational.

BE IT RESOLVED that SARM lobby the federal government to reverse cuts done through the labour market transfer agreements.

BE IT FURTHER RESOLVED that SARM lobby the provincial government to develop a labour training grant program to compliment the federal program.

CARRIED ☐   LOST ☐

2025 is a revaluation year when all properties in the province receive updated assessments.

SAMA conducts revaluations based on a four-year cycle. 2021 was the year of the last revaluation, and the 2025 Revaluation will see assessed values updated to reflect a new valuation date of January 1, 2023. Revaluations are historical which means that 2025 values reflect a property's value as of January 1, 2023.

SAMA's goal for the 2025 Revaluation is to provide fair and accurate updated property assessments for our clients and stakeholders to support their ability to provide important services to the public.

Municipalities will be receiving their 2025 values packages in the coming weeks. If you have any questions about your new assessments, please do not hesitate to contact SAMA.

For more information visit our website at www.sama.sk.ca.

Contact SAMA by phone at: 1-800-667-7262, or by email: info.request@sama.sk.ca.

MINISTRY OF EDUCATION

12–25A | Align Work–Based Learning/Apprenticeship Credit Program Guidelines

Rural Municipality of Mount Pleasant No. 2 and Rural Municipality of Enniskillen No. 3 (submitting RM)

WHEREAS work-based learning is a school program that allows students to apply their skills with a local employer, requiring a signed agreement from the student, parents/guardians, supervising teacher, and employer.

WHEREAS the Workers' Compensation Board and the Minister of Education have a Memorandum to extend workers' compensation benefits to eligible students in work-based learning. Proper completion of a consent form is necessary for this coverage. Although remuneration is not required for students, they receive benefits similar to covered workers. The division also maintains additional liability insurance for the program.

WHEREAS in the Apprenticeship Program, the Mentoring Journeyperson must fulfill specific requirements, including providing a safe environment, coaching, and submitting a criminal record check. They must also pay the student as an employee and provide Workers' Compensation Benefits.

BE IT RESOLVED that SARM lobby the Ministry of Education to align work-based learning guidelines with the Apprenticeship Credit Program, promoting participation from apprentices and companies and expanding training opportunities for students.

CARRIED ☐   LOST ☐

13–25A | Supporting and Growing Our Public Library System

Rural Municipality of Corman Park No. 344

WHEREAS public libraries have been central to communities for hundreds of years, creating a safe space for children and adults to read and learn, regardless of their socio-economic status or backgrounds.

WHEREAS public libraries can be counted on to provide the resources to answer many important questions; provide access to countless materials and content, especially for those who cannot afford to purchase them privately; and an internet connection to allow access to information, banking and financial services, communications, employment opportunities, as well as accessing and submitting government forms.

WHEREAS public libraries do much more than simply house books, including community programming such as the Saskatchewan Information and Library Services Consortium (SILS), preschool programs, reading programs, book clubs, story times, summer reading programs, and seniors' programs to only name a few.

BE IT RESOLVED that SARM lobby the provincial government to fund the public library system to keep pace with inflation as well as current trends and technologies at the least, in addition to ensuring that both large and small community libraries can meet the programming, educational, and communal needs that are an integral part of library programming and its services.

CARRIED ☐   LOST ☐

IMPACTING THE AGRICULTURE INDUSTRY

MINISTRY OF AGRICULTURE

14–25A | Control of Richardson's Ground Squirrel

Rural Municipality of Duck Lake No. 463

WHEREAS Richardson's ground squirrel damage to crops and pasture land can be devastating.

WHEREAS some farmers do not control these rodents in their own fields; and Richardson's ground squirrels will move from infested uncontrolled fields into surrounding fields.

WHEREAS *The Pest Control Act* was repealed in 2024 and replaced with *The Plant Health Act*.

WHEREAS without the Richardson's ground squirrel being included in *The Plant Health Act* and associated regulations, there are no legislated measures for RM's to enforce control of these rodents.

BE IT RESOLVED that the Richardson's ground squirrel be included in *The Plant Health Act* and associated regulations in order to give RMs the ability to control Richardson ground squirrels in their RMs.

CARRIED ☐   LOST ☐

15–25A | The Farmland Security Board (FSB)

Rural Municipality of Blucher No. 343

WHEREAS foreign ownership of farmland is a growing concern in Saskatchewan.

WHEREAS the Provincial Auditor has determined that the FSB did not request Statutory Ownership Declarations from nine out of at least eighteen high risk farmland purchases.

WHEREAS the FSB has been unable to conclude whether eight suspect transactions are in compliance with ownership rules, due to not receiving mandatory information (i.e. Statutory Declarations) and are unable to take further action.

BE IT RESOLVED that SARM lobby the provincial government to make it mandatory that the Statutory Declarations, and any other pertinent information, be submitted BEFORE any suspect lands are approved.

BE IT FURTHER RESOLVED that the provincial government establish escalation procedures to enable the FSB staff to take further appropriate action when cooperation is not forth coming from non-compliant entities.

CARRIED ☐   LOST ☐

MINISTRY OF AGRICULTURE & AGRICULTURE AND AGRI–FOOD CANADA

16–25A | Reinstate Federal Funding to 4–H Canada

Rural Municipality of Lumsden No. 189

WHEREAS 4-H Canada has provided a range of youth development programs and resources across Canada since 1933, including scholarships, club funds, fundraising initiatives, etc.

WHEREAS 4-H programming teaches young people about responsibility, leadership and helps develop their confidence to become contributing leaders in their community and beyond.

WHEREAS federal funding to 4-H Canada from Agriculture and Agri-Food Canada was cut in 2024, resulting in job losses in all areas of the organization.

BE IT RESOLVED that SARM work closely with the provincial government to reinstate full funding to 4-H Canada.

CARRIED ☐   LOST ☐

17–25A | Establish Coyotes as Pests under the CAP Program

Rural Municipality of Enniskillen No. 3

WHEREAS SARM administers the Beaver Control Program on behalf of the province, focusing on the humane removal of adult nuisance beavers and the management of the adult beaver population within their jurisdictions. SARM also oversees the Rat Control Program to manage rat populations in their respective areas.

WHEREAS low prices for coyote pelts have discouraged many trappers from capturing coyotes, this has led to a significant increase in the coyote population. As a result, livestock producers are experiencing higher rates of livestock loss.

BE IT RESOLVED that SARM lobby the Ministry of Agriculture and the federal government to classify coyotes as approved pests under the Sustainable Canadian Agriculture Partnership (Sustainable CAP) cost-shared rebate program.

BE IT FURTHER RESOLVED that a program similar to the Beaver Control Program be established, allowing municipalities to receive reimbursement of up to 50 percent of the costs incurred for each adult coyote removed by licensed fur trappers.

CARRIED ☐   LOST ☐

MINISTRY OF ENVIRONMENT

18–25A | Grain Bag Recycling Incentive

Rural Municipality of Lakeview No. 337

WHEREAS many farmers are using plastic grain bags for temporary storage.

WHEREAS there remains no onus or responsibility for the first sellers of grain bags to receive the bags back where they were sold.

WHEREAS chemical retailers are required to charge a deposit on chemical containers and return the deposit when the container is returned to the dealer, encouraging the return rather than improper disposal or storage. WHEREAS grain bag distributors must operate or be a part of a Product Stewardship Program approved by the Minister of Environment.

BE IT RESOLVED that SARM lobby the provincial government to make a portion of the recycling fees collected by grain bag distributors and other grain bag collector programs refundable once the grain bags are returned from where they were originally purchased.

CARRIED ☐   LOST ☐

PUBLICATIONS & SOCIAL MEDIA

SARM's digital and print publication and social media content includes anything currently happening or affecting rural Saskatchewan regarding the economy, infrastructure, agriculture, environment, recreation, tourism, governance, or other pertinent topics to rural Saskatchewan.

Booth 52
University of Regina
Regina, Saskatchewan | uregina.ca/arts/cerc

The Community Engagement and Research Centre functions collaboratively as a partnership between community groups and university faculty and students. Our mandate is to provide independent, participatory research support in response to needs expressed by communities with a view toward building capacity and enhancing our quality of life.

RMAA CONVENTION

The SARM Board works very closely with the Board of the Rural Municipal Administrators' Association (RMAA). More specifically, their president sits on our board as an ex-officio member, and our president sits on their board as an ex-officio member. We always have a number of board members and staff attend their convention so that we can stay on top of the issues impacting RM administrators. This year, that convention took place in Regina from May 13th to 16th. SARM moderated a panel allowing administrators to share ideas. Our Member Purchasing and Plant Health Technical Advisors also hosted a booth at the trade show.

PROVINCIAL ELECTION ADVOCACY

Much of SARMs focus in 2024 was centered on advocating for Rural Saskatchewan with respect to the provincial election. Our main topics of focus were:

HEALTH CARE

INFRASTRUCTURE

AGRICULTURE

RURAL CRIME

Saskatchewan Association of Rural Municipalities
